Module 9—Tax Credit for Child and Dependent Care Expenses

A tax credit is a dollar-for-dollar reduction of the tax. The tax credit for child and dependent care expenses allows taxpayers to claim a credit for expenses paid for the care of children under age 13 and for a disabled spouse or dependent. In order to claim the credit, the taxpayer, child or dependent, and expenses must meet numerous requirements. The maximum amount of qualifying expenses is \$3,000 for one qualifying person and \$6,000 for two or more qualifying persons in 2007. The credit is between 20 and 35 percent of the qualifying expenses.
